Pandemic Influenza Awareness Program

[en español](#)

Print Version - English

The print version of the modules is available in PDF format below. If you do not have Adobe Reader, [visit the Adobe site](#) for a free download.

Course instructions:

1. Print out each module listed below OR read them on your computer.
2. Create a folder called "Pan Flu Resources" to save important documents such as the *Pandemic Flu Personal Emergency Plan*. You can also write down website addresses on the inside cover of your folder.
3. After finishing Module 6, print out and take the Final Quiz.
4. Either you or your employer will check your answers against the answer key that is provided. (Optional: Your graded Final Quiz is proof of course completion.)

Module 1: Pandemic Flu Basics [PDF 2.5mb]

This segment introduces you to pandemic flu. You will learn what makes a flu "pandemic" and how it may affect you and your community.

Module 2: Personal Planning [PDF 3.2mb]

By the time a pandemic has started, it is too late to prepare. This module provides steps you can take now that will help protect you, your loved ones and your neighbors.

This program is
made possible by

the NJ Office of
Homeland Security
and Preparedness,

the NJ Department
of Health,

Rutgers University

and the reviewers
from both the public
and private sectors
