### About Vaccine Information Statements

Vaccine Information Statements (VISs) are information sheets produced by the Centers for Disease Control and Prevention (CDC). VISs explain both the benefits and risks of a vaccine to adult vaccine

### How to Use VISs

**It's Federal Law! You must give your patients current VISs**  
Explains why it is necessary to always use the most current version of a VIS and lists the current VIS dates

**What's New with VISs**  
CDC offers the latest information about upcoming and current VIS updates

### Feedback: VIS Translations

Let us know what you think

### Alternative Formats and Sources of VISs

Centers for Disease Control and Prevention  
English-language VISs in web, print and RTF (for use in electronic healthcare systems) formats
