Workshops

The BBR curriculum was based on a consultation that included more than 400 national and international NGO staff from all over the world.

About BBR

The Building a Better Response (BBR) project aims to enhance the capacity of national and international NGO workers and other humanitarian actors to engage with the international humanitarian coordination system in a manner that improves overall coordination and responds to the needs of crisis-affected populations. Through a consultative approach, the program produces capacity strengthening tools including e-learning and in-person workshops. E-Learning

A comprehensive and practical introduction to engaging with the international humanitarian coordination system, this course is self-paced, publicly accessible, and free of charge. The BBR e-learning course is an offering of the **Humanitarian Academy at Harvard**, the educational arm of the **Harvard Humanitarian Initiative**.

Workshops

The BBR curriculum was based on a consultation that included more than 400 national and international NGO staff from all over the world. BBR workshops are conducted in various locations worldwide, and are participatory, interactive, and designed to enhance the knowledge gained from the e-learning. [Click here to learn more about BBR's in-person workshops.](#) To be added to the mailing list, and to sign up for any of our workshops, please contact bbr@internationalmedicalcorps.org

Resources

A library of resources is available on topics covered in the BBR e-learning and workshops. [Click here to access these documents, websites, and other trainings](#) to support and deepen your understanding of the humanitarian coordination system.

Announcements

Offline Version of BBR

If you have low internet connectivity and wish to receive an offline version of the BBR course on a flash drive, please email: bbr@internationalmedicalcorps.org
