Percent of children age 12-23 months who have received all basic vaccinations plus the pneumococcal vaccine

**Use of Modern Methods of Family Planning** 

Percent of currently married women using a modern method of contraception

**Delivery in a Health Facility** 

Percentage of live births delivered in a health facility

#### **ITN Access**

Percentage of households with at least one insecticide-treated net (ITN) for every two persons who stayed in the household last night

The 2014 Kenya Demographic and Health Survey (2014 KDHS) was implemented by the Kenya National Bureau of Statistics from May 2014 to October 2014 in partnership with the Ministry of Health, the National AIDS Control Council (NACC), the National Council for Population and Development (NCPD), and the Kenya Medical Research Institute (KEMRI). Funding for the KDHS was provided by the Government of Kenya with support from the United States Agency for International Development (USAID), the United Nations Population Fund (UNFPA), the United Kingdom Department for International Develop-

ment (DfID), the World Bank, the Danish International Development Agency (DANIDA), the United Nations Children's Fund (UNICEF), the German Development Bank (KfW), the Clinton Health Access Initiative (CHAI), the World Food Programme (WFP), and the Micronutrient Initiative (MI). ICF International provided technical assistance as well as funding to the project through The DHS Program, a US-AID-funded project providing support and technical assistance in the implementation of population and health surveys in countries worldwide.

Additional information about the 2014 KDHS may be obtained from the Kenya National Bureau of Statistics (KNBS), P.O. Box 30266-00100 GPO Nairobi, Kenya; telephone (Nairobi): 3317586/8, 3317612/22, 3317623, 3317651; fax: 3315977; e-mail: directorgeneral@knbs.or.ke, info@knbs.or.ke; website: www.knbs.or.ke.

**Antenatal Care: 4+ visits** Among women with a live birth in the 5 years before the survey, percent with 4+ ANC visits for their last live birth

#### **Full Vaccination Rate**

Percent of children age 12-23 months who have received all basic vaccinations plus the pneumococcal vaccine

**Use of Modern Methods of Family Planning** 

Percent of currently married women using a modern method of contraception

#### **Delivery in a Health Facility**

Percentage of live births delivered in a health facility

#### **ITN Access**

Percentage of households with at least one insecticide-treated net (ITN) for every two persons who stayed in the household last night

The 2014 Kenya Demographic and Health Survey (2014 KDHS) was implemented by the Kenya National Bureau of Statistics from May 2014 to October 2014 in partnership with the Ministry of Health, the National AIDS Control Council (NACC), the National Council for Population and Development (NCPD), and the Kenya Medical Research Institute (KEMRI). Funding for the KDHS was provided by the Government of Kenya with support from the United States Agency for International Development (USAID), the United Nations Population Fund (UNFPA), the United Kingdom Department for International Develop-

ment (DfID), the World Bank, the Danish International Development Agency (DANIDA), the United Nations Children's Fund (UNICEF), the German Development Bank (KfW), the Clinton Health Access Initiative (CHAI), the World Food Programme (WFP), and the Micronutrient Initiative (MI). ICF International provided technical assistance as well as funding to the project through The DHS Program, a US-AID-funded project providing support and technical assistance in the implementation of population and health surveys in countries worldwide.

Additional information about the 2014 KDHS may be obtained from the Kenya National Bureau of Statistics (KNBS), P.O. Box 30266-00100 GPO Nairobi, Kenya; telephone (Nairobi): 3317586/8, 3317612/22, 3317623, 3317651; fax: 3315977; e-mail: directorgeneral@knbs.or.ke, info@knbs.or.ke; website: www.knbs.or.ke.

The 2014 Kenya Demographic and Health Survey (2014 KDHS) was implemented by the Kenya National Bureau of Statistics from May 2014 to October 2014 in partnership with the Ministry of Health, the National AIDS Control Council (NACC), the National Council for Population and Development (NCPD), and the Kenya Medical Research Institute (KEMRI). Funding for the KDHS was provided by the Government of Kenya with support from the United States Agency for International Development (USAID), the United Nations Population Fund (UNFPA), the United Kingdom Department for International Development (DfID), the World Bank, the Danish International Development Agency (DANIDA), the United Nations Children's Fund

(UNICEF), the German Development Bank (KfW), the Clinton Health Access Initiative (CHAI), the World Food Programme (WFP), and the Micronutrient Initiative (MI). ICF International provided technical assistance as well as funding to the project through The DHS Program, a US-AID-funded project providing support and technical assistance in the implementation of population and health surveys in countries worldwide.

Additional information about the 2014 KDHS may be obtained from the Kenya National Bureau of Statistics (KNBS), P.O. Box 30266-00100 GPO Nairobi, Kenya; telephone (Nairobi): 3317586/8, 3317612/22, 3317623, 3317651; fax: 3315977; e-mail: directorgeneral@knbs.or.ke, info@knbs.or.ke; website: www.knbs.or.ke.

The 2014 Kenya Demographic and Health Survey (2014 KDHS) was implemented by the Kenya National Bureau of Statistics from May 2014 to October 2014 in partnership with the Ministry of Health, the National AIDS Control Council (NACC), the National Council for Population and Development (NCPD), and the Kenya Medical Research Institute (KEMRI). Funding for the KDHS was provided by the Government of Kenya with support from the United States Agency for International Development (USAID), the United Nations Population Fund (UNFPA), the United Kingdom Department for International Development (DfID), the World Bank, the Danish International Development Agency (DANIDA), the United Nations Children's Fund

(UNICEF), the German Development Bank (KfW), the Clinton Health Access Initiative (CHAI), the World Food Programme (WFP), and the Micronutrient Initiative (MI). ICF International provided technical assistance as well as funding to the project through The DHS Program, a US-AID-funded project providing support and technical assistance in the implementation of population and health surveys in countries worldwide.

Additional information about the 2014 KDHS may be obtained from the Kenya National Bureau of Statistics (KNBS), P.O. Box 30266-00100 GPO Nairobi, Kenya; telephone (Nairobi): 3317586/8, 3317612/22, 3317623, 3317651; fax: 3315977; e-mail: directorgeneral@knbs.or.ke, info@knbs.or.ke; website: www.knbs.or.ke.

The 2014 Kenya Demographic and Health Survey (2014 KDHS) was implemented by the Kenya National Bureau of Statistics from May 2014 to October 2014 in partnership with the Ministry of Health, the National AIDS Control Council (NACC), the National Council for Population and Development (NCPD), and the Kenya Medical Research Institute (KEMRI). Funding for the KDHS was provided by the Government of Kenya with support from the United States Agency for International Development (USAID), the United Nations Population Fund (UNFPA), the United Kingdom Department for International Development (DfID), the World Bank, the Danish International Development Agency (DANIDA), the United Nations Children's Fund

(UNICEF), the German Development Bank (KfW), the Clinton Health Access Initiative (CHAI), the World Food Programme (WFP), and the Micronutrient Initiative (MI). ICF International provided technical assistance as well as funding to the project through The DHS Program, a US-AID-funded project providing support and technical assistance in the implementation of population and health surveys in countries worldwide.

Additional information about the 2014 KDHS may be obtained from the Kenya National Bureau of Statistics (KNBS), P.O. Box 30266-00100 GPO Nairobi, Kenya; telephone (Nairobi): 3317586/8, 3317612/22, 3317623, 3317651; fax: 3315977; e-mail: directorgeneral@knbs.or.ke, info@knbs.or.ke; website: www.knbs.or.ke.

## Western: Key Indicators from the 2014 KDHS

### **Antenatal Care: 4+ visits**

Among women with a live birth in the 5 years before the survey, percent with 4+ ANC visits for their last live birth

#### **Full Vaccination Rate**

Percent of children age 12-23 months who have received all basic vaccinations plus the pneumococcal vaccine

#### **Use of Modern Methods of Family Planning**

Percent of currently married women using a modern method of contraception

### **Delivery in a Health Facility**

Percentage of live births delivered in a health facility

### **ITN Access**

Percentage of households with at least one insecticide-treated net (ITN) for every two persons who stayed in the household last night

The 2014 Kenya Demographic and Health Survey (2014 KDHS) was implemented by the Kenya National Bureau of Statistics from May 2014 to October 2014 in partnership with the Ministry of Health, the National AIDS Control Council (NACC), the National Council for Population and Development (NCPD), and the Kenya Medical Research Institute (KEMRI). Funding for the KDHS was provided by the Government of Kenya with support from the United States Agency for International Development (USAID), the United Nations Population Fund (UNFPA), the United Kingdom Department for International Develop-

ment (DfID), the World Bank, the Danish International Development Agency (DANIDA), the United Nations Children's Fund (UNICEF), the German Development Bank (KfW), the Clinton Health Access Initiative (CHAI), the World Food Programme (WFP), and the Micronutrient Initiative (MI). ICF International provided technical assistance as well as funding to the project through The DHS Program, a US-AID-funded project providing support and technical assistance in the implementation of population and health surveys in countries worldwide.

Additional information about the 2014 KDHS may be obtained from the Kenya National Bureau of Statistics (KNBS), P.O. Box 30266-00100 GPO Nairobi, Kenya; telephone (Nairobi): 3317586/8, 3317612/22, 3317623, 3317651; fax: 3315977; e-mail: directorgeneral@knbs.or.ke, info@knbs.or.ke; website: www.knbs.or.ke.
