

TANZANIA

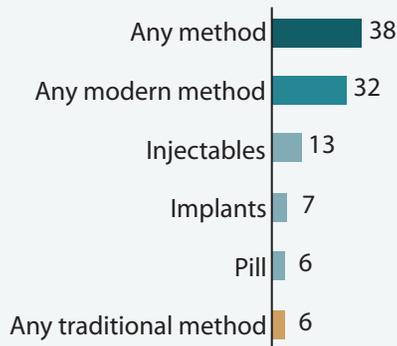

FAST FACTS FROM THE 2015-16 TANZANIA DHS-MIS

The 2015-16 Tanzania DHS-MIS (TDHS-MIS) is designed to provide data for monitoring the population and health situation in Tanzania. The 2015-16 TDHS-MIS is the 6th Demographic and Health Survey conducted in Tanzania since 1991-92 and 3rd Malaria Indicator Survey since 2007-08.

FAMILY PLANNING

Family Planning

Percent of married women age 15-49 using family planning

1/3 of women age 15-49 in Tanzania use a **modern method of family planning**. Injectables are the most popular method.

Created by Adam Zubin from Noun Project

CHILDHOOD MORTALITY

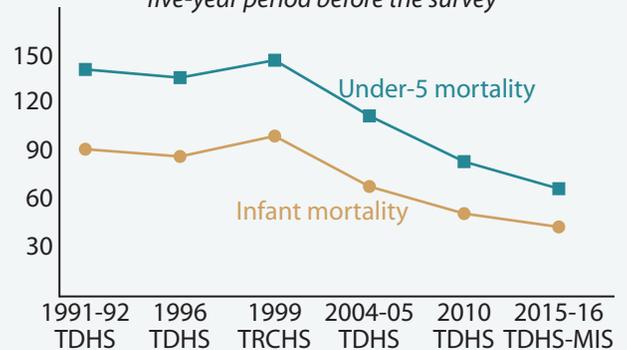

67 children in Tanzania die before their **5th birthday** for every 1,000 live births.

Childhood mortality has declined since 1991-92.

Trends in Childhood Mortality

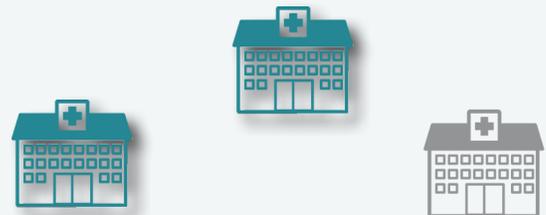

Deaths per 1,000 live births for the five-year period before the survey

MATERNAL HEALTH

1/2 of women age 15-49 attended **4+ antenatal care visits**, as recommended.

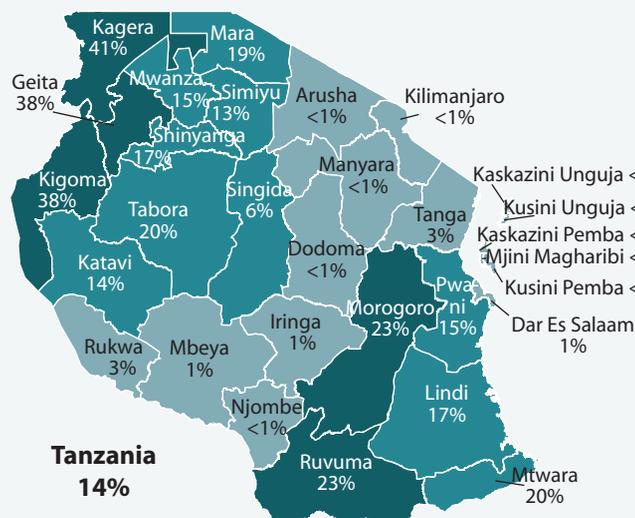

Nearly **2 in 3** births are delivered in a **health facility**.

MALARIA

Malaria Prevalence among Children by Region

Percent of children age 6-59 months who tested positive for malaria by RDT

14% of Tanzanian children age 6-59 months **tested positive for malaria** by rapid diagnostic test. Malaria prevalence is highest in Kagera.

The 2015-16 Tanzania Demographic and Health Survey and Malaria Indicator Survey (2015-16 TDHS-MIS), which was implemented by the National Bureau of Statistics (NBS) and Office of the Chief Government Statistician (OCGS), Zanzibar, in collaboration with the Ministry of Health, Community Development, Gender, Elderly and Children, Mainland and the Ministry of Health, Zanzibar. ICF provided technical assistance. The 2015-16 TDHS-MIS is part of the worldwide DHS Program, which assists countries in the collection of data to monitor and evaluate population, health and nutrition programmes. The survey was funded by the Government of Tanzania, United States Agency for International Development (USAID), Global Affairs Canada, Irish Aid, United Nations Children's Fund (Unicef), and the United Nations Population Fund (UNFPA).
