# HOUSEHOLD QUESTIONNAIRE

## Module 1000: HOUSEHOLD ROSTER

Time Begin   :

My name is \_\_\_\_\_ and I work for \_\_\_\_\_. I am contacting you because we are conducting a survey on health in [country] and I would like to ask you a number of questions. Let me assure you that whatever information you tell us is completely confidential and will only be used for research purposes. [INTERVIEWER: Explain the objectives of the survey and the need for informed consent according to the manual.]

In order to determine who to interview, I need to know who lives here. I mean those who share meals and usually live together for at least six months a year. Let me assure you again that any information you provide is strictly confidential. I also need to know who the main income provider is. And I need to know the age, sex and relationship to the main income provider of everyone who lives here. Please include people who may currently be in an institution due to their health for a short time (for example, in a hospital or a nursing institution). The main income provider could be either female or male. If two people are both main income providers, I just need to talk to the older one.

<b>H1001</b>	What is the total number of people who live here?	<input type="checkbox"/> <input type="checkbox"/> Person(s)	
<b>H1002</b>	<u>How many children</u> under 18 live here?	<input type="checkbox"/> <input type="checkbox"/> Child(ren)	If no number, go to H1006
