Home

This is a 'pop-up' area on The Global Health Network in response to requests for a knowledge hub and access to guidance on the new Novel Coronavirus outbreak; COVID-19.

The Global Health Network is an open source platform that provides trusted knowledge, guidance, tools and resources to support the generation of more and better health research data. During emerging outbreaks it is vital to learn as much as possible to generate evidence on best practice for prevention, diagnosis and treatment and to facilitate effective preparedness and response for future outbreaks.
