**Test, Trace and Treat:**  
Partnership to Accelerate COVID-19 Testing (PACT) in Africa

To help increase continental testing efforts and reduce COVID-19 transmission in Africa, Africa CDC has launched the Partnership to Accelerate COVID-19 Testing (PACT): Test, Trace, Treat. PACT will mobilize experts, community workers, supplies and other resources to **TEST, TRACE and TREAT** COVID-19 cases in a timely manner to minimize the impact of the pandemic on the Africa continent. Anchored on the African Union Joint Continental Strategy for COVID-19 Outbreak<sup>1</sup>, PACT will ultimately help prevent transmission and deaths, and minimize the social and economic harm associated with COVID-19.
