

COVID-19 DIAGNOSTICS RESOURCE CENTRE

FIND and [The Global Fund to Fight AIDS, Tuberculosis and Malaria](#) are part of the [Access to COVID-19 Tools \(ACT\) Accelerator](#) Diagnostics Pillar. The ACT Accelerator is a ground-breaking global collaboration to accelerate the development, production, and equitable access to COVID-19 tests, treatments, and vaccines. It was set up in response to a call from G20 leaders in March and launched by the World Health Organization, European Commission, France and the Bill & Melinda Gates Foundation.

This diagnostics resource centre provides information, updates and products for diagnosis and testing, in support of the agenda set out in the [ACT-Accelerator Diagnostics investment case](#).
