

HOW TO WEAR A MEDICAL MASK SAFELY

Don'ts →

Do not use a ripped or damp mask

Do not wear the mask only over mouth or nose

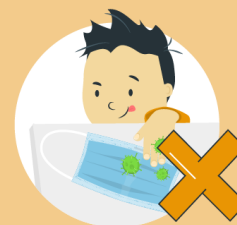

Do not wear a loose mask

Do not touch the front of the mask

Do not remove the mask to talk to someone or do other things that would require touching the mask

Do not leave your used mask within the reach of others

Do not re-use the mask

Remember that masks alone cannot protect you from COVID-19. Maintain at least 1 metre distance from others and wash your hands frequently and thoroughly, even while wearing a mask.
