Eswatini COVID-19 Mythbusters

Date of Publication

2020

The ten mythbusters, available in English and Siswati, were developed based on feedback received from chiefdom leadership who identified prevailing myths and misconceptions related to COVID-19 prevention, treatment or stigma related to recovery.

Key mythbusters tackle use of alcohol, garlic, hot baths, home remedies, sex, bleach and sanitizer, and hydroxychloroquine, with key facts. They also address misconceptions that only urban populations or older people are affected and reassure people about recovery.

The myths cover the following topics:

1. **Alcohol:** [Siswati](#) [English](#)
2. **Garlic:** [Siswati](#) [English](#)
3. **Hydroxychloroquine:** [Siswati](#) [English](#)
4. **Older People:** [Siswati](#) [English](#)
5. **Urban People:** [Siswati](#) [English](#)
6. **Home Remedies:** [Siswati](#) [English](#)
7. **Bleach and Sanitizer:** [Siswati](#) [English](#)
8. **Hot Bath:** [Siswati](#) [English](#)
9. **Sex:** [Siswati](#) [English](#)
10. **Recovery:** [Siswati](#) [English](#)
