# Trusted Travel

My COVID Pass

[TRANSLATE THIS PAGE >](#)

The African Union Commission and the Africa Centres for Disease Control and Prevention (Africa CDC) launched the Saving Lives, Economies and Livelihoods campaign to promote hassle-free travel across Africa while, at the same time, preventing cross-border spread of COVID-19 infection. Together with its partners, African Union and Africa CDC are providing this #TrustedTravel, My COVID Pass tool to simplify verification of public health documentation for travellers during exit and entry across borders.

**For enquiries and support, please contact:

## Key features

- Information about the latest travel restrictions and entry requirements applicable to the entire stretch of your journey.
- Database of authorised laboratories and vaccination compliance information.
- Africa CDC “mutual recognition protocol” for COVID-19 testing and test results, and vaccination certificates (including yellow fever and a future COVID-19 vaccine).
- Simplified health-related immigration processing for travellers and port officials.
- The information is supplied by African Union Member States and validated by Africa CDC.

## Partners

#TrustedTravel Technology Partners are:

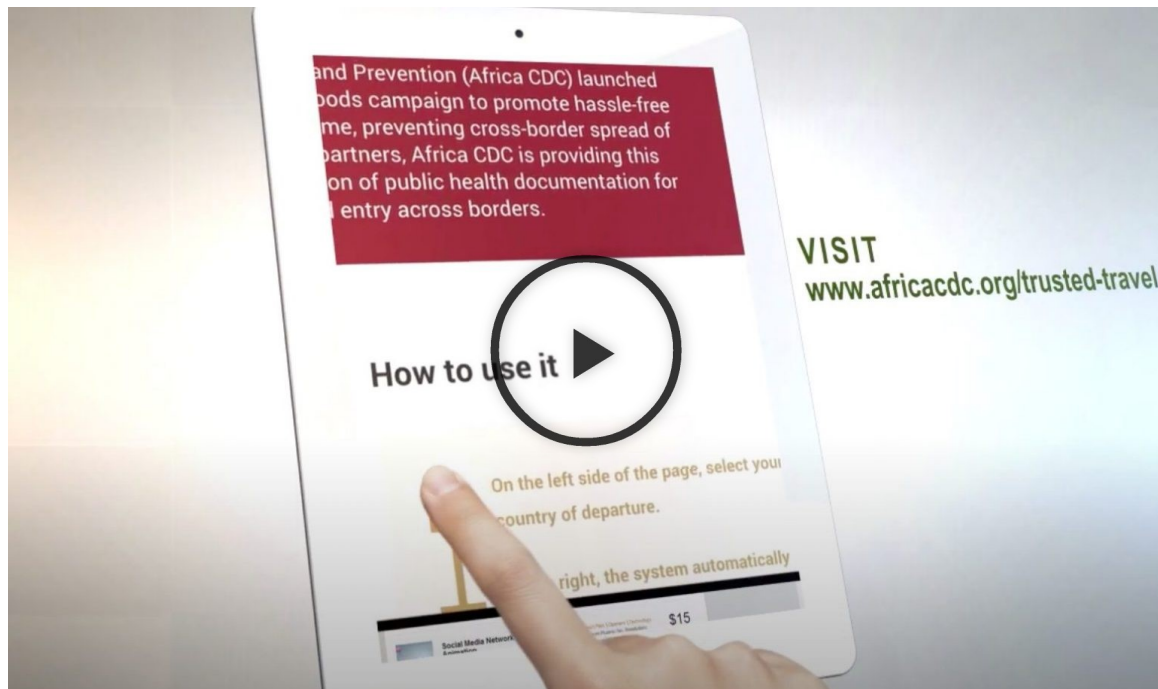

The system then retrieves the latest set of restrictions that apply to your journey. The results are close to instant.

## How to use the Portal

- 1 On the left side of the page, select your country of departure.
- 2 To the right, the system automatically populates the possible airports of departure in the country.
- 3 Select your departure airport.
- 4 Then select your destination country.
- 5 The system automatically populates the possible airports of arrival.
- 6 Select one.
- 7 Click "Get Restrictions" to see the latest set of restrictions that apply to your journey.
