Ethiopian HEAT Modules (in English)

These Blended Learning Modules have been produced in collaboration with the Ethiopian Federal Ministry of Health (FMOH) and Regional Health Bureaus (RHBs) as well as a range of medical experts and health science specialists within Ethiopia. They are being used to upgrade the theoretical knowledge of the country's 33,000 rural Health Extension Workers to that of Health Extension Practitioners and to train new entrants to the service.

The Modules are Open Educational Resources (OERs) and are free for everyone to use. You can download them as they are or adapt them to fit your specific context. The OERs cover the full range of health promotion, disease prevention, basic management and essential treatment protocols to improve and protect the health of rural communities.

All Modules are available as web-based resources and in a range of formats including PDF documents for print.

- Adolescent and Youth Reproductive Health
- Antenatal Care
- Communicable Diseases
- Family Planning
- Health Education, Advocacy and Community Mobilisation
- Health Management, Ethics and Research
- Hygiene and Environmental Health

- Immunization
- Integrated Management of Newborn and Childhood Illness
- Labour and Delivery Care
- Non-Communicable Diseases, Emergency Care and Mental Health
- Nutrition
- Postnatal Care

Modules available in Swahili

- Utunzaji katika Ujauzito / Antenatal Care
- Utunzaji katika Leba na Kuzaa / Labour and Delivery Care
- Utunzaji wa Baada ya Kuzaa / Postnatal Care
