- Economy
- Experts' Pick Articles
- Mental Health
- Open Educational Resources
- Vaccine
- TeleHealth [↗](#)

This guide was prepared by Dr. Ola El Zein, Head of Saab Medical Library. It provides valuable resources for both, **Healthcare Professionals** (physicians, nurses and practitioners) and **Health Consumers** about the COVID-19 outbreak and recent research related to this topic, in addition to **Experts' Pick Articles**.

This guide includes sections dedicated to **Lebanon**, **AUB** and **AUBMC**. In addition to international and regional academic sources and articles, the guide includes webinars, reports, maps, videos, and a section for **Faculty, Staff and Students** highlighting the available online tools & resources to continue their respective tasks from home. **Mental Health** management and **TeleHealth** have been highlighted as well, in addition to a section for **Open Educational Resources**, one for information on the **Vaccine** as well as the effect of this outbreak on the **Economy**.
