

Finding affordable medicines in Zimbabwe should not take you forever!

Now it doesn't have to.

Learn more

HOW IT WORKS

How to save yourself some trouble:

Using WhatsApp, (077 66 40 888), text the MIS the name of the medicine you are looking for, or a picture showing clearly the name of the medicine. Do NOT send a picture that shows people's names.

Text the MIS where exactly in Zimbabwe you are and the method of payment you want to use at the pharmacy (USD, ZWL, Swipe, Ecocash or Medical aid).

You will then access the details of the pharmacies that report to have this medicine and their prices, in under 10 minutes*.

Get on with the rest of your day.
