employed **35%**
retired **29%**
unemployed **13%**
other dependent **23%**
Employment status of adult household members (N=68)

HOUSING OPTIONS

The vast majority of respondents in all the sub-samples surveyed intend to spend the next six months essentially in their own home

"Where do you plan to spend the next 6 months with your family?"

	Kharkiv city sub-sample (28 households)	Perovmaysky city sub-sample (32 households)	Kharkiv region sub-sample (31 households)
Own home	71%	75%	87%
Own basement	14%	25%	10%
Parents' home	4%	6%	–
Children's home	4%	3%	–
Relative's home	7%	9%	10%
Friends' home	–	3%	–
Rental	4%	3%	–

HEATING OPTIONS

Respondents' heating options are basically central heating and wood or wood pellett burning stove depending on the type of dwelling.

"What heating fuel do you currently use in the apartment/house where you live?"
	Kharkiv city sub-sample (28 households)	Perovmaysky city sub-sample (32 households)	Kharkiv region sub-sample (31 households)
Central heating	39%	56%	35%
Electric radiator	14%	6%	–
Oil radiator	21%	12%	–
Wood or wood pellet burning stove	18%	12%	58%
Coal burning stove	14%	3%	19%
Oil heating stove	4%	3%	–
Stove with gas tank	4%	3%	–
Gas furnace	25%	31%	10%

FUEL RESERVES

Fuel reserves were typically estimated by respondents who had conventional sources of heating.

	Kharkiv city sub-sample (28 households)	Perovmaysky city sub-sample (32 households)	Kharkiv region sub-sample (31 households)
Fuel reserves	14% no reserves 18% reserves sufficient for 1-2 months	66% no reserves 25% reserves sufficient for 1-2 months	13% no reserves 58% reserves sufficient for 1-2 months

HEATING AND WINTERIZATION NEEDS

Responses preference for supplementary heating appliances, such as mainly electric or oil radiators, and wood -burning, wood pellet-burning, coal-burning or gas stoves or heaters. Of the winterization projects needed, the most frequently mentioned by respondents in all subsamples was the insulation of doors

|			
Heating needs	61% oil radiator 57% electric radiator 25% electric heater	50% electric radiator 41% oil radiator 41% stove with gas tank	52% oil radiator 29% wood burning stove 29% electric radiator
Winterization needs	46% window and door insulation 43% electric water heater	41-46% window and door insulation 34% electric water heater	45% door insulation 39% window replacement 23% electric water heater

FOOD, DETERGENT, TOILETRIES, AND HYGIENE PRODUCT RESERVES IN HOUSEHOLDS

Preliminary results show that respondents living in Kharkiv city are in the 'best' situation in terms of reserves, and respondents living in Perovmaysky city are in the most difficult situation in terms of all variables considered.

KHARKIV CITY SUB-SAMPLE (28 households)

	2-3 months	1 month	1-2 weeks	no reserve	don't need it
hygiene product	7%	18%	43%	18%	14%
toiletries	7%	18%	43%	18%	14%
detergents	14%	39%	43%	4%	
non-perishable food	14%	46%	25%	15%	

PEROVMAYSKY CITY SUB-SAMPLE (32 households)

	2-3 months	1 month	1-2 weeks	no reserve	don't need it
hygiene product	9%		37%	29%	25%
toiletries	9%		37%	32%	22%
detergents	3%	22%	50%	25%	
non-perishable food	3%	22%	56%	19%	

KHARKIV REGION SUB-SAMPLE (31 households)

	2-3 months	1 month	1-2 weeks	no reserve	don't need it
hygiene product	26%		55%	3%	16%
toiletries	29%		52%	6%	13%
detergents	3%	39%	55%	3%	
non-perishable food	3%	36%	58%	3%	

Legend: ■ 2-3 months ■ 1 month ■ 1-2 weeks ■ no reserve ■ don't need it

HOUSEHOLD NEEDS FOR FOOD, DETERGENT, TOILETRIES, AND HYGIENE PRODUCTS FOR THE NEXT 2-3 MONTHS

The highest proportion of 'highly necessary' responses was found among respondents in Perovmaysky city sub-sample.

Kharkiv city sub-sample (28 households)

canned food	64%
sugar	57%
detergent	50%
dry pasta	46%
hygiene product	46%
fat, oil	43%
UHT milk	36%
flour	36%
rice	36%
toiletries	32%

Perovmaysky city sub-sample (32 households)

rice	87%
fat, oil	87%
detergent	87%
toiletries	87%
flour	84%
sugar	84%
dry pasta	84%
canned food	78%
hygiene product	78%
UHT milk	31%

Kharkiv region sub-sample (31 households)

fat, oil	45%
sugar	45%
canned food	42%
dry pasta	42%
toiletries	35%
detergent	32%
rice	32%
flour	26%
hygiene product	26%

OTHER NEEDS INDICATED: CLOTHING, HOUSEHOLD ITEMS

In general, it was found that warm winter underwear was considered the most necessary by respondents in all three subsamples. Of the products listed under household items in all three sub-samples, the vast majority of respondents need warm blankets for the winter period.

	Kharkiv city sub-sample (28 households)	Perovmaysky city sub-sample (32 households)	Kharkiv region sub-sample (31 households)
Clothing	50% men's warm underwear 57% women's warm underwear 39% children's warm underwear 43% men's winter shoes	75% men's warm underwear 72% women's warm underwear 34% children's warm underwear 53% women's winter shoes 50% men's winter shoes	50% men's warm underwear 57% women's warm underwear 32% children's warm underwear 43% men's winter shoes
Household items	61% warm blankets 29% bed linens 25% bed covers 14% mattress	81% warm blankets 78% bed linens 72% bed covers 50% mattress	42% warm blankets 36% bed linens 36% bed covers 36% mattress
